

# BRENDAN DISONELL

POLITICAL SCIENTIST

## ABOUT ME

My name is Brendan, and I have always been deeply fascinated by history. Growing up in a household where my father was actively involved in politics, I was inspired to explore the intricate dynamics of political systems, human interactions, and the progressive evolution of our thoughts and beliefs over the course of history.

### FIELD ORGANIZER \*References can be found at BrendanDisonell.com

My objective was to establish strong connections with constituents and comprehend their concerns and priorities. This involved activities such as canvassing, phone banking, and organizing community events. Through consistent and clear communication with both voters and the campaign team, I was able to realign strategies and adjust tactics as necessary.

Responsibilities Include:

- Planning and executing various campaign events, including Trump Force 47 meetings, volunteer meet-and-greets, and team meetings.
- Recruiting, training, motivating, and overseeing a team of volunteers to ensure their readiness in supporting the campaign's objectives.
- Establishing relationships and garnering support from local organizations, businesses, and community leaders.
